

STORY KIT

Hello little Goopie

This Create a Goop Kit is designed to inspire and unleash your imagination. There is no limit to what you can create.

You get to design your own Goop using all your own ideas.

There is no wrong or right way to do this.

The most important thing is to just do it and have fun.

These pages are created to give you ideas but if you don't see an outfit or a hat or an object that you like then make one up.

Maybe you want your Goop to carry a little spaceship! By the time you are done filling out each sheet you will you have

everything you need to create your own Goop Tale. Every time I write a Goop Tale I pull it from my imagination. Sometimes I look at beautiful photos from the world around us to inspire me.

Then I close my eyes and see everything happening inside my mind. It's fun because I can make up anything and if I decide I don't like the way a scene went then I can rewind and do it over. The more you use your imagination the better it gets so create as many Goops as you like.

I want to see all of your ideas and the Goops that you create so once you come up with one or two or three please write me at maria@gooptales.com or tag me on instagram. I might even share them in my Insta stories.

Big Love,

Maria

TITLE: _____

[illegible]

Great job on creating your own Goop story!

I would love to see the goop you created
and hear all about the magical journey
they embarked on.

Ask the adult in your life to take a photo of your
Goop, and ask them to send it over using the
form available at goptales.com

If you're really feeling adventurous, you can also
send me a voicemail describing their story.

Who knows, maybe it can make it into our next
Goop Tales episode!

I can't wait to see what you came up with,

Maria
